Room Structures

Baby Room (Ants): 3 months – up to 18 months

Babies in this room are from ages 3 months to approximately 18 months. There is a maximum of 15 babies in this room with a ratio of 1:3.

The babies in this room can rest and sleep comfortably in personal cots in a dedicated sleep room joined to this main area.

Babies enjoy a wide range of tactile activities including flour play, rice play and gloop. The babies have sensory play daily with objects such as lights and wind chimes where they can relax or be stimulated developing their senses and have access to a wide range of toys appropriate to their age and development.

Babies are offered fresh chopped or pureed fruit and vegetables whilst weaning. Gradually the staff will introduce carbohydrates and proteins working with parents to ensure the best nutritional benefits for the babies.

Mealtimes are enjoyed in the playroom. The babies are fed in high-chairs where they face each other to interact socially and can learn from each other. They have access to fresh drinking water throughout the day as and when they require it.

The staff within the baby room focus on the babies Personal, Social and Emotional development, they focus on a home away from home sense of feeling and concentrate on the babies feeling secure and happy while in our care. At this stage they are focused much more on our Key Person approach as this is beneficial for both children and parents to ensure a smooth transition to the environment.

The babies have access to the garden and play area straight from their room and they will go outside or go for a walk using our buggies around our spacious grounds around the cricket field.

Parents are asked to provide formula milk, nappies and wipes for their children.

Toddlers Room (Bumblebees): 18 – 36 months

Our Nursery room is a large, extensive room that offers a wide range of stimulating opportunities for children to partake in specific learning activities based on the EYFS of their choosing. The children in this room range from approximately 18 months to 36 months.

The maximum number in this room is 35 and the ratio is 1:3 for the under 2's and 1:5 for over 2's. Children of all ages in this room can mingle, to learn, grow and develop according to their own individual interests and form bonds with their peers.

Nursery children can access a range of toys appropriate to their age and participate daily in adult led activities such as painting, sticking, cooking, sand, water, flour play, rice play and gloop.

The nursery children have access to the huge playground straight from their room. They will go outside in the playground or go for a walk around the grounds as often as the day allows or at least twice a day. Particularly during the summer, we encourage a free flow access to outside to take advantage of the natural environment further.

Mealtimes are enjoyed in our café section of the Bumblebees room with age appropriate small chairs and tables. Meal times are a great fun social occasion and the children are encouraged to begin to be more independent with feeding themselves and appropriate table behaviour is encouraged. They have access to drinking water as and when they require it throughout the day

The nursery children are changed on our changing tables or they can use the small toilets or potty if and when potty training. There are 2 sinks in the room where they can wash their hands and develop their personal hygiene.

After lunch (or when required) the Bumblebee children sleep on mats with blankets and rugs in their own adjoining sleep room with the supervision from the staff.

The staff within this room will focus their planning the both Prime AND Specific areas of learning taken from the Early Years Foundation Stage (EYFS) according to the child's age and personal development.

Pre-school (Dragonflies): 3 years – 5 years

Children in this room range from age approximately 3 – 5 years. The maximum number in this room is 27 with a ratio maximum of 1:8.

The pre-school children are encouraged to partake in 'self-registration' and hang their belongings. There is a toilet that is accessed from the room so their personal development is encouraged by using the toilet and washing their hands independently.

Mealtimes are enjoyed in the room with age appropriate chairs around tables. Lunch is a self-serve method and children are encouraged to serve themselves and take their plate and scrape it when they are finished. They have access to drinking water through-out the day as and when they require it.

Pre-school children can access a huge range of activities and toys which are laid out in the seven development areas; these are both the Prime and Specific areas of learning taken from the (EYFS)

Session Fees

*The fees from **April 2025** are set out below:*

Hours	Price
<i>Full day 8am – 6pm</i>	<i>£99.50 per day</i>
<i>Session 1: 8am – 1pm</i>	<i>£49.75</i>
<i>Session 2: 1pm – 6pm</i>	<i>£49.75</i>
<i>Extra Adhoc Session</i>	<i>£10.69 per hour</i>

5% off – Set Sessions 25hours or more per week

10% off – Set Sessions 40 hours or more per week

(Set Session discounts are applied to non-Government funded hours only)

Changes to contracted weekly sessions incur an administration fee of £2.00

Late collection fee - £30.00 per hour calculated on a 'per minute' basis

Late payment of fees will be subject to a 10% charge

Invoicing

Invoices are issued using the Baby's Days software system. Upon Registration you will be set up with and provided log-in details so that you can use this application to check against and to pay your personal invoices.

Requests to change around contracted weekly sessions will incur an administration fee. For example, a day change from Tuesday to Thursday will incur a fee of £2.00. If you choose to cancel the requested change and return to the Tuesday, this will then incur a further £2 fee. The exception to this admin charge will be for any Absence/Holiday Notice/Additional sessions or a permanent revision to your Day Care Contract.

Due to the flexibility on sessions that we offer our children, it can appear to be complicated and hopefully the following information will assist to understand the process more.

There are two invoicing cycles, the initial invoicing process is to bill for the month ahead. This process starts on the 26th and can complete around the 29th of each month. Settlement of these invoices are requested by the 4th day of the month.

If you are paying by Company/Government Voucher or via HMRC please make sure you take the three-day processing time into account so that funds are with Little Crickets by the due date of the invoice.

Please note that requests to change or add sessions will not be permitted if there is an outstanding balance after the 4th of the month.

The second round of invoicing commences when the month has completed and is invoiced in arrears. Parents who have not requested changes over the course of the month, nor had any movement on their account can ignore this second round of invoicing and will not receive an invoice because the original invoice amount for the month will not have changed.

However, parents who have revised/added sessions, had a late collection fee applied, added breakfast/lunch etc will need to pay attention for a further email from us advising that the invoice is now due and is available on Baby's Days for them to review and settle. It is not an additional invoice; it is the same invoice reissued reflecting the changes and the additional cost of these changes. As we cannot always rely on emails, even if it is not received, we will have provided all parents/carers with the Baby's Days application which shows all current and previous invoices, so please do take the time to look through this if you think you may be expecting a revised invoice. If you cannot view previous invoices, please do speak to one of the Management Team and they will run you through how to use the app so you can locate them.

The process of this second round of invoicing starts from the 2nd of each month and can take up to the 5th day to complete as every child is reviewed, which can take administrative time. Once this invoice is raised it is shown as 'due for payment immediately'.

Eligible children can receive up to 30 hours free per week in the local authority set term times. These hours will automatically be deducted from the invoice. Any extra hours over and above the

hours of entitlement will be charged at the specified session rate.

Confirmation of Place - The child's place will be confirmed to you in writing. The confirmation will include details of the child's commencement date along with the set contracted sessions offered.

Funded Hours - Parents/carers must apply for funded hours in advance of their child's eligibility start date. It is the responsibility of the parent/carer to ensure that all necessary codes are applied for, obtained, and provided to the setting before the funding period begins. Failure to provide the correct code in time may result in charges for any sessions attended. It is also the parent/carer's responsibility to reconfirm eligibility codes within the required time frame to avoid disruption to funded hours.

The initial payment - Fees will be determined on a pro rata basis from the child's commencement date with us and will include all sessions booked from that date for remainder of that particular month.

2. The day care may restrict entry of the child to the setting until any such outstanding fees are settled in full.
3. The Day Care may serve notice in writing to terminate the contract. Upon termination of this contract the child shall cease forthwith to be admitted to the Day Care and this notice to terminate shall be regarded as a formal demand for all outstanding monies.

Types of Sessions & Conditions of Booking:

On completion of the notice period the Day Care will remove, or try and change the set contracted session(s) to another available session. The exception to this admin charge will be for any Absence/Holiday Notice/Additional sessions or a permanent revision to your Day Care Contract.

Cancellation/Termination of Contract

When Settling-In has been completed (or the set contracted sessions have commenced) either party may terminate this contract by giving one full calendar months' notice in writing. This period is subject to the termination not being due to non-payment of fees. During that said one month period the Day Care undertakes to continue to admit the child, and the parent/carer undertakes to pay for all fees due. In the event of the parent/carer failing to pay the month's fees the child's place shall be immediately withdrawn and the Day Care shall be entitled to serve a formal demand for payment of such monies.

In the event of the parent/carer giving notice of withdrawal of the child and immediately withdrawing the said child there shall be due to the Day Care one calendar month's fees in lieu of notice. Failure by the parent/carer to provide one calendar months' notice or any notice at all shall render the parent/carer liable to the Day Care for one month's fees.

Notice must be made in writing via email to the Office. The date and time stamp of our receiving server will be the logged Notice record.

Deferments – This contract between both parties will terminate when your child is of an eligible age to attend School. Any request for a deferment to School Reception must be submitted to the Day Care in writing.

AGREEMENT FORMS

Tapestry builds a very special record of a child's experiences, development and learning journey through their time with us at Little Crickets. Tapestry is used to track child development through the Early Years Foundation Stage which include observations, activities and daily feedback to parents via

photos, videos and messages. This platform is our main way to communicate with parents and we send memo's and post important documents such as our food menus. This communication between staff and parents that Tapestry enables, helps build a shared understanding of how every child can reach their full potential.

As part of Ofsted requirements, some observations will include group activities and therefore there may be pictures/video's of other children partaking in the same activity as your child. All information held in the platform is stored securely, and can be downloaded and shared as required. Parents are able to view online their child's progress and how much fun they're having, whilst also uploading their own comments and media.

Pictures/video's will only be used for the above purposes and will not be used for marketing or shared with any other parties.

☐ **I give permission** for my child to be included in group observations using Tapestry and am aware that other parents may also see my child in a photo/video in the group observations.

☐ **I DO NOT give permission** for my child to be included in group observations using Tapestry and do not wish my child's photo/video to be seen by other parents.
